		Team member 2			Yagmur Gunduz	Aysu Yildiz	Georges Kassab	Lydia Rodriges	

## **3- CAMP WHY NOT RULES / GUIDELINES**

# **A- MOOP GUIDELINES**

# WHY NOT MOOP GUIDELINES

## LEAVE NO TRACE IS ONE OF THE 11 PRINCIPLES OF AFRIKABURN

WE STRIVE TO LEAVE THE DESERT JUST AS WE FOUND IT, SEEMINGLY *UNTOUCHED BY HUMANS*.

MOOP = MATTER OUT OF PLACE

1. Bring less MOOP with you
2. Collect MOOP as it is created
3. Recycle & Upcycle
4. Take responsibility and encourage others to do the same

# WHY NOT MOOP GUIDELINES

## BRING LESS MOOP WITH YOU

### **Reduce packaging**

Unpack at home what you can.

*Tips: Bring beer in cans, bring wine in tetra packs*

### **Avoid feathers, glitter and cheap plastic gifting**

or other things that blow in the wind or too small to pick up from the ground

### **No plastic**

Reduce usage of disposable plastic as much as possible

*Tips: Bring a personal “real” cup, plate, cutlery, and water bottle.*

### **No glass**

Glass containers can shatter to pieces.

*Tips: pick plastic or metal ones instead.*

### **Cans and glass**

Bring these only if you are prepared to take care of it until your back in Cape Town

### **You are responsible for everything your outfit sheds**

**Be prepared to take everything home with you that you bring to the playa**

# WHY NOT MOOP GUIDELINES

## THINGS YOU SHOULD AVOID BRINGING

Faux fur that sheds

Boa feathers that shed

Glitter

(Biodegradable sound nice, but people will still pick it up in case of doubt, so make sure it sticks)

"Coachella" Stone stickers

Light sticks

# WHY NOT MOOP GUIDELINES

## COLLECT MOOP AS IT IS CREATED

### Nice to know

- Don't drop things on the ground. As simple as that!
- There are no trash bins at the playa
- In the desert, things like fruit peels, ground coffee or nut shells take forever to decompose
- Don't assume other camps will take care of your trash – take it with you

### Nice to do

- **Carry all your waste with you back** to the camp: cans and bottles (consider bringing a flask to carry alcohol), packaging, used chewing gum, wraps, etc. **Organic matter should be collected too.** Carry a small bag with you for this.
- If you or your loved ones smoke, carry a **portable ashtray** with you
- Be mindful of things that can **fly in the wind**. Secure light objects, such as candy **wraps, toilet paper**, and wet wipes.
- It's useful to have an extra ziplock with you (mobile trash)

Last but not least :

**At the end of the event, sweep and clean the area before leaving.**

**Last year we did not get a perfect MOOP score as a camp. Please do your part in Why Not becoming a Green Camp once more!**

# WHY NOT MOOP GUIDELINES

## RECYCLE & UPCYCLE

- **Separate trash into organic, plastic, paper, when you throw it**  
*Don't wait for later – a closed garbage bag will usually stay closed.*
- **Use your personal trash bags if possible**  
*Each tent is supplied two trash bag. Use one for cardboard and one for plastic. Return two bags at the end of the burn to get your MOOP deposit back during checkout with the Shuttle.*
- **Dispose your garbage at the end of the event in a proper recycling point**  
*The camp can take care of a limited amount of communal trash (from kitchen, etc), but not of all the personal trash created by 60-70 people.*
- **Bring enough empty garbage bags with you**  
*Recommended Steel bags that can be bought in a supermarket - they are strong, don't leak, and don't smell.*
- **Bring bio-degradable soap, shampoo, and toothpaste**  
*As much as possible, make sure your waste water is collected in the gray water pond and not spilled on the playa.  
Remember, there are 5,000 people there. Dumping volumes of waste water onto the ground can negatively impact the natural system.*

# WHY NOT MOOP GUIDELINES

## TAKE RESPONSIBILITY

### IF YOU SEE MOOP, PICK IT UP

It's a well-researched phenomenon that when people see trash they tend to leave their trash there too. Speckless playa and camp are easier to keep speckless.

### SAY SOMETHING OR DO SOMETHING

If you see an unattended potential source of MOOP

### BRING DESERTED CLOTHING & PERSONAL ITEMS TO THE LOST AND FOUND

Remember: it's a communal effort :

### JOIN HANDS, AND SHOW YOU CARE!

When you consider the impact of your action on the environment, first multiply it by 10,000 (the number of people in Afrikaburn). Then assess the impact...

# WHY NOT MOOP GUIDELINES

## TAKING A MOOP SHIFT AS A LEAD?

- **Confirm attendance**
  - Get the list of people in the shift
  - Is everyone here?
  - Arrange for replacements if people are missing depending on expected workload
- **Ensure trash bins are in good state**
  - Where are the trash bins?
  - Replace all the trash bags in the bins ?
  - Verify trash bags are available close to the bins or visible next to the kitchen
- **Check greywater**
  - Ensure all 3 water buckets look welcoming
  - Is sanitizer and soap available?
- **Sweep the place**
  - All private & public why not areas and roadside between our camps
  - Is there moop lying around? => De-moop it
- **Does our camp look inviting? Does it spark joy?**
  - Are the public areas in good state?
  - Cushions/blankets looking nice?
  - Are there smaller bins that need their trash bags exchanged?
  - Is it evening hours? => Help turn decorative lighting on
  - Is it morning hours? => Help turn decorative lighting off

# WHY NOT KITCHEN GUIDELINES

- We will not have any paid kitchen staff or help, so it's all up to us to step up and contribute – it'll go very smoothly if we all pitch in. This is a great chance to participate, help nourish your campmates and make friends!
- Every camp member is expected to sign up for at least 3 shifts for the week and 1 of these shifts must be a Kitchen shift
- For each meal, we will need groups of 6 people. 3 cooks (including a meal leader), 2 cleaners and 1 floating helper (who will help with both preparing and cleaning, as necessary)
- Every meal leader is expected to guide their team, make sure they show up and manage the kitchen for the meal
- Meal lead, meal cooks and cleaners are only allowed to access the kitchen
- Meal lead is only allowed to use ingredients already approved by the kitchen team as stated in their recipe
- Kitchen team will assist by providing the necessary ingredients before cooking starts
- Kitchen team is responsible of cleaning the kitchen and all utensils after serving the meal

# **B- STAGE GUIDELINES**

# GENERAL SOUND POLICY

- Music starts on Monday (sound checks before Monday are allowed, but no party incl. a mobile speaker/boombox)
- From Monday - Thursday no music allowed between 7.00 - 11.00 am (again, also no boombox or similar)
- This rule ends Thursday night (no more pause)
- Music stops on Sunday midnight (yeah, boomboxes included)

There might be an after hour ;)

- Max volume at the stage is 95 Dzb (we have dezibel meter :)
- Max volume around the stage is 60 Dzb (distance of 50-60 m)

# CAN YOU ASK THEM IF I CAN PLAY IN YOUR CAMP?

- Just no!
- Seriously, we put a lot of work in the line up and if a friend etc. you know will play in our camp, just tell them they can apply next year.
- We don't have the time for those questions at the burn and we don't want to be rude. So it's the best if you tell them directly :-).

## HOW TO DEAL WITH OTHER LOUD MUSIC?

- Camp WhyNot is placed in the Louder Zone
- It will be loud but this is no excuse to break the rules or being disrespectful to the opinions and feelings others (your own included)
- If our camp is too loud for you, we will find a solution - together.
- If another camp (neighbor) is too loud, talk to us and we will talk to them.

# AWARENESS - STAGE IN GENERAL

- We will have an awareness, moop and of course sound team who will have a look at the stage, but if you see something “disturbing” or annoying that could have an effect to the vibe of the party - get active or tell us!
- Get active?
- It means if you see moop at the stage, please collect it and put in one of our garbage bags. Also if you see people leaving their moop at the stage (or somewhere else), make them aware - kindly and polite. We are only guests on this planet.
- Tell us?
- Some situations are difficult to handle alone or if it's your first burn. Tell us what you observed and we handle it together.

# AWARENESS - SOUND & EQUIPMENT

- We are THE sound camp and quite known for our vibe and of course sound. We want to keep it that way and that's why all need to take care of that.
- If someone who's extremely high or drunk is getting to close to the DJ and the equipment and you can nearly feel the artist is annoyed, or the equipment is in danger (because of for example drinks) - take action if none of the sound & stage team is there/available at the moment (kindly & polite)
- If people putting drinks on the sound system (speaker etc.), please make them aware that they risking an incident if liquid will touch the system parts

# AWARENESS - DECO & LIGHTS

- Our decoration and light team already spent and will spend a lot of time to create a great environment and atmosphere.
- If you see someone playing around with it, please make them aware how much effort the people put inside that stage.
- If you see someone who isn't a WhyNotter sneaking around "suspiciously" at the stage after 7.00 am (when it's closed), tell us immediately or take action if this person is taking something from the open backstage (behind the DJ booth)

# C- WHY NOT WATER GUIDELINES

- Be mindful about water usage
- Each person can have 4 showers during the Burn (5-7 liters/shower)
- If you finish your shower early, you can not save water for your next shower. It will be gifted to the person using the shower next
- You are recommended to take a shower every other day
- You can start your shower with your RFID Bracelet
- You can press a button to start and stop the water to control your consumption
- Don't keep the water running for more than 5 seconds while washing your hands or brushing your teeth!!
- Whenever possible, limit your showers and showers time to conserve water
- Baby wipes are recommended to clean your bodies
- Keep an eye on the water levels
- Showers can also be taken in other theme camps offering showers

# D- WHY NOT FRIES GUIDELINES

## What's expected?

- Make delicious Why Not Fries, using our food trailer that will be right next to the stage, equipped with double chip fryers + potato cutter!
- Clean, Peel, Cut, Fry, Spice, Serve
- There will also be salt, ketchup, mayo etc.
- Cleanup when finished
- Enjoy the experience, you will make all those people very very happy ;)

# D- ICE SHIFT GUIDELINES

---

## What's expected?

ICE Team is responsible for getting ice for the camp (from Off Centre Camp - few mins walking distance.)

## ICE CARD

As a Theme Camp, we will have access to an ICE CARD - this card will allow us to buy ice before the Ice Sales open. We will be able to buy your ice between 9 and 9:45 at the back of the Ice Tent. If you are late, you will have to join the queue with everyone else.

You can collect your card from Arteria at Off Centre Camp from Saturday to Monday between 10am ONLY. The ice cards will not be available after Monday. There is only one Ice Card per camp, so please take good care of it.

# E- FIRE AND SAFETY GUIDELINES

1. **Fire Safety Reminder:** Don't use open flames inside tents or sleeping areas. Stick to designated bonfire spots for any outdoor fires.
2. **Accessible Safety Equipment:** 10 fire extinguishers are positioned throughout the camp, clearly marked for easy access in case of emergencies.
3. **Individual Accountability:** It's essential for everyone to follow fire safety guidelines and avoid unauthorized open flames.
4. **Community Awareness and Assistance:** Spread awareness about fire safety and environmental conservation among fellow campers. Additionally, if there are any issues with equipment or infrastructure, inform a member of the relevant team for prompt resolution.

# F- AWARENESS IN GENERAL

1. No means No. Yes can become No. Listen and respect boundaries.
2. Never take what doesn't want to be taken and don't give what is not wanted. Consent is not negotiable.
3. Look out for each other: if you notice someone being uncomfortable or struggling with someone or something ask if you could help or support them.
4. If you need support in helping others reach out for members of the Stage and Awareness team or contact the Rangers.

## **4- WHY NOT TO MISS MOMENTS**

# CAMP “WHY NOT TO MISS” MOMENTS

1. **Why Not Opening Party:** Monday 10:30PM-7AM  
*“Fancy a first dance together?”*
2. **Camp General Meeting:** Monday 8PM-9PM  
*“You have to be there!”*
3. **Camp Photoshoots:** Tuesday, Thursday & Saturday 6:00PM  
*“Show us your best boogie”*
4. **Why Not Inauguration Sunset Party :** Tuesday 4PM-8:00 PM  
*“Show us your best outfit and come dance”*
5. **Why Not Friday Sunset Party:** 5PM-8PM  
*“Anyone said Champagne?”*
6. **Why Not Acid Train:** Wednesday 1PM  
*“Known as the next best day of your life”*
7. **Why Not Saturday Queen’s Night:** 11PM-9AM  
*“We’ve heard it’s an all-ladies line up”*
8. **Why Not Sunday BBQ”:** 6PM  
*“Someone said meat?”*

# CAMP WHY NOT WHY-FI

- Hey everyone 🙋
- At our camp this year we will have Wi-Fi! 🤖
- The catch: It won't be connected to the internet 🙄
- SSID: Why-Fi
- Password: dawnofcreation (don't share with others)
- Then go to: <http://whynotpi.local> (bookmark this or add to home screen)

- So what can you do with it?
- - Access to documents as they were available on google drive for everyone who did not download / screenshot their shifts
- - Access to the Afrika Burn Map, Camp Guide and our Line Up
- - There will be an etherpad. It's like a google doc where everyone can write stuff anonymously. Think of it like a guestbook, or a whiteboard to leave messages for your camp mates. go crazy 😄
- - There will be a slack-like chat, that will allow you to text people directly or leave messages and share media in the general chat. Of course these chats will only update when inside our camp Wi-Fi. In order to use the chat I recommend to download the element messenger app for your phone's operating system before leaving to the playa. It also works without an app, but the UX is really bad and you won't get push messages. Instructions on how to configure the app will be available on the website <http://whynotpi.local>

- The whole thing is not mandatory for you to have a great burn, just another offer from us to you.
- Once the burn is in full swing, you may not see people again for days. You could write them a letter (moopy), or you could use the camp chat 😊

Step 1: Join the Why-Fi  
(password: dawnofcreation)

Step 2: Go to portal:  
<http://whynotpi.local>

**ENJOY YOUR BURN!!!**
